PHARMACEUTICAL ITEMS—
Clarifying Muddy Water; Proprietary Medicines in Switzerland; Formulæ; Aromatic Mouth Wash; Dandruff Eradicator; Counter Irritant; Buckley Pill; Pill Solutis; Cough Mixture—Nos. 1 and 2; Mother's Salve; To Administer Iodide of Potassium; Rolls of Mercurial Ointment; St. Johns Bread..... 25
Rhus Poisoning; Who Owns the Prescription; A Characteristic Test for Atropia and Daturia; Revision of the German Pharmacopœia; Rapid Test for Olive Oil..... 56
Test and Assay of Essential Oil of Bitter Almonds, Suspected to Contain Nitro Benzole; Consumption of Vanilla in Europe; Picrotoxin; Rapid Medicated Syrup Making..... 89
Wart Destroyers; Chloroform Cough Mixtures; Night Sweats Cured; Improvised Suppository Molds.....121
Tinctura Rusci; Guaco for Snake Bites; Hypodermic Medication.....153
Syrups by Percolation; Chloroform Cough Mixture; Tartaric Acid in Diphtheria....182
Some Tests; Formulæ for Tooth Powder; Oxide of Zinc Ointment; Edison's Polyform; Holloway's Pills; An Objection; Two New Anæsthetics; Tasteless Cod Liver Oil.....220
Chloral Hydrate; Emplastrum Oxycroceum; A Point for Smokers; Pure Sulphate of Iron; Dilute Phosphoric Acid; The Reaction of Ferric Chloride with Salicylic, Carbolic, Gallic and Tannic Acid; On the Increase of Volume by Dissolving Solids in Liquids; Menstruum for Exhaustive Lupulin.....248
Pyrophosphate of Iron, Phosphoric Acid and Quinia; Manufacture of Acid Phosphates; Bicarbonate of Ammonia as an Impurity in Bicarbonate of Sodium.....316
Salicylic Silk; Fearfully and Wonderfully Wise Turks; "White House" bouquet; Uses of Soap Bark; Aromatic Fluid Extract of Rhubarb; Pyrophosphates of Iron; Test for Glucose; Hydrocarbonate of Quinine for Hypodermic Use; Tar Ointment; Medicated Lozenges.....359
Druggists' Blunders; Caramels; On Citrate of Caffeine; Pancreatine as an Emulsifier; Citrate of Magnesia.....809
Elixir of Protochloride of Iron; The Administration of Medicines in Drop Doses; Absorbeat Cotton.....434
Liquid Opium Preparations; Preservation of Solution of Oxide of Iron; Spirit Lac for Wax Goods; Coating for Pills; Hair Dyes; A Good Polish for Leather; Indelible Ink; Soothing Ointment; To Render Steel Pens Inoxidisable; Artificial Slate.....470
Catechu Lozenges; Manufacture of Iodine from Seaweed; Phosphorus Paste; Dilute Hydrobromic Acid; Paregoric; Liquid Storax; Pure Alkanin; Pulvis Sennæ Compositus; Spontaneous Combustion Engendered by Nitric Acid; Precautions in Dispensing Poisons.....507
Aconite and Aconitine; Liquid Shoe Dressing; Aniline Red Ink; Coloring for Tooth Powder; Administering Cod Liver Oil; Burns by Sulphuric Acid.....542
Co-operative Journalism; New York State Pharmaceutical Association; New York College of Pharmacy; Paste Blacking; The Uses of Henna; Ink for Writing on Glass; Liquid Starch Finish; Water-tight Parchment Paper Bags; Peppermint Lozenges; Napoleon's Medicines; Quebracho Bark; Tartrate of Iron and Potassium....578
Cod Liver Oil Emulsions; Aromatic Sulphuric Acid; Quinetum; Preserving Hygroscopic Substances; Paraffine Stopper for Bottles; Proceedings of the American Pharmaceutical Association; Aqueous Shellac Varnish; Nepenthe; Bronzing Fluid.....610
Non-Poisonous Vermin-Killer; Pepsin Wine; Timely Recipes; Dilute Hydrobromic Acid; A Correction; Lip Salve; Gutta Percha Gloss Blacking; Preservation of Leeches; On Dispensing Solid Vegetable Extracts; Arsenic Sulphide a Deadly Poison; How to Make Carbon Points for Splitting Glass; Detection of Arsenic in Wall Papers; Elixir Glycyrrhizini; A Difficulty Solved; Beef and Bitters; Syrupus Ipecacuanhæ.....650
Application for Corns; Salt for Freezing Mixtures; Sedative Ointment; New Tests for the Alkaloids; Arsenic Sulphide as a Poison; Oregon Kidney.....690
A New Pharmacopœia; Warburg's Tincture; Silver-Plating Solution; Gregory's Laxative Powder; New Dispensing Balance; A Redoubtable Formula; Pharmacy in Ohio; New Jersey Pharmacists.....732
Chemical Examination of Volatile Oils; Recipes; Unguentum Phenylatum Lister; Unguentum Vulnerarium Lister; Aqua Chlorinli; Adeps Oleatus; Lime Juice and Glycerine; Elixir Arantii Compositum; Aqua Lauro; Cesasi Artificiale; Hamburg Tea; Corn Cure.....772
Chemical Examination of Volatile Oils; A Sulphuretted Hydrogen Apparatus.....816
Mercurial Ointment; Chocolate Syrups for Soda Water; Chemical Examination of Volatile Oils; Select Formulæ—Improved Dover's Powder; Cold Cream; Anodyne Liniment; Mucilage for Adhesive Labels; Freeing Benzine from Offensive Odor; Cement for Rubber; Cement for Mending Plaster Casts; Tincture of Insect Powder; A Lecture Room, Aurora.....866
Adulteration of Bromide of Potassium; Extract of Ginger Ale; Elixir of Citrate of Caffeine; Substitute for Castor Oil; New Seidlidtz Powder; Phosphate of Bismuth; A Universal Antidote; The Pharmacology of Chloral Hydrate; To Clean Plate Glass, etc.....910
